

TC BC245UCV

PRODUCT DATASHEET

TC BC245UCV BEER COOLER

Under-counter, standing, flow-through beer cooler. The TC BC245UCV is our self-developed beer cooler, designed with ease of installation and maintenance in mind. The under-counter beer cooler is equipped with carrying handles on the sides, and the device is made of plastic-coated galvanized sheet metal.

The beer cooler features top cooling, a mechanical thermostat, a mixing motor, and a water level indicator. The cooler has a continuous cooling capacity of 245 liters per hour (4 liters per minute), making it capable of dispensing up to 490 glasses of cold beer per hour. The machine comes with 4 beer coils but can be expanded to up to 7 coils! The accessories necessary for the operation of the under-counter beer cooler can be ordered separately.

Lying, standing, and tabletop beer coolers are available to meet various technical and space requirements. The picture is for illustration purposes only!

PRODUCT DETAILS

DIMENSIONS

External size (mm) /with pump, without tower/	530x546x710 (H)
---	-----------------

Net weight (kg)	50
Gross weight (kg)	54
Tank (l)	74
Icebank (kg)	25
Compressor size (HP)	1/2
Capacity (W)	600

Peak performance ice bank (l/h)	245
Voltage (V)	230
Current (A)	4,2
Number of coils (pcs)	1-7 beers
Refrigerant	R290a
Type of thermostat	Mechanic
Type of pump	MID 7
Pump capacity (l/min)	10
Pump elevation height (m)	7
Orientation	vertical, under counter

ACCESSORIES

Tower	no
Tap	optional (standard)
Drip tray	no
